You will then get a screen like this.

Complete your personal details – name and Date of Birth. Type in the name of the school and select.

Get in! You're nearly there – select the subjects that are relevant to you.

Once you've selected your subject/subjects – click save

Top Tip – when selecting usernames and passwords, make it as simple and memorable as possible – don't put in anything that you'll struggle to remember!

Best of luck – now get podding!
